INTRODUCTION

DIESSE Diagnostica Senese S.p.A. - Società Benefit is an Italian company with an integrated and entirely inhouse production of diagnostic solutions for the immune system. Since its foundation in 1980, the company has developed, produced and marketed innovative diagnostic systems mainly in the area of immunochemistry and automatic measurement of ESR. The company features a worldwide presence in over 100 countries, a manufacturing plant and a research centre in which the automated production of diagnostic tests, analytical instruments and software meets Italian design and cutting-edge technology, branding DIESSE as "Diagnostics for the immune system".
